Hawaiian Electric Company.

The cleanest, brightest safest and really,
in the long run, the cheapest and best light
for use in the family residence, is the incan-
descent electric light. Safe; nothing could
be safer. A few days ago a prominent gen-
tleman of Honolulu came rushing down to
the office of the Electric Company and said:
"Give me figures for wiring my house, and I
want it done at once; no more lamps for me.
Last night a lamp tipped over and it came
so near setting fire to the house and burning
my children and I take no more risks."
This is the sentiment of quite a number in
the past few weeks, who have ordered their
houses fitted with the perfect light.
Just think it over and make up your mind
that you want the best and safest light; send
for the Hawaiian Electric Company and tell
them what you want.
We have a complete stock of everything in
this line and have just received a lot of the
very latest designs in chandeliers.

HILLO BAR CONDOLENCE

RESOLUTIONS ON THE DEATH OF
JUDGE S. L. AUSTIN.

Eloquent Tribute Paid to the De-
ceased Jurist—Was Held in the
Highest Esteem by All.

At a meeting of the Hilo bar, which
was called immediately upon the re-
ceipt of the news of Judge Austin's
death, to take such action as was meet
and proper in the premises, the follow-
ing resolutions were unanimously
adopted: That,

Whereas, The Supreme Judge of
Mankind has this day summoned the
loved and loving brother, husband,
father and friend, Hon. Stafford L.
Austin, from his earthly labors; and

Whereas, In his death the Republic
loses a faithful servant, his family a
devoted father and his friends a ten-
der hearted citizen and neighbor; and

Whereas, While in the discharge of
his duty the darkening shadows of
more than three-score years and ten
have closed around his earthly ex-
istence, and in a few moments ap-
parently without warning he folded
the drapery of his couch about him
and fell into that dreamless sleep that
kisses down his eyelids still, and the
friends of our cherished brother now
stand by all that is mortal and pray
that the Almighty God will give con-
solation to his surviving friends and
eternal rest to the soul of Stafford L.
Austin, Therefore be it

Resolved, That the heartfelt con-
dolence of the members of the bar
here assembled be extended to his es-
timable wife and his children.

Resolved, That we wear the usual
mourning for thirty days.

Resolved, That copies of these res-
olutions be furnished the Advertiser,
Star and Bulletin of Honolulu.

Resolved, That copies of these res-
olutions be furnished the family, and
one copy filed with the clerk of the
Fourth Circuit Court.

GILBERT F. LITTLE,
Secretary.

TWO FUNERALS.

Remains of Judge Austin and Joseph
Nawahi Laid to Rest at Hilo.

The funeral of the late Judge Staf-
ford L. Austin took place from the
Foreign church in Hilo at 2 p. m. Sat-
urday. An immense crowd of people
were out. Rev. C. W. Hill conducted
the sacred services and delivered an
eloquent tribute to the life and worth
of the deceased.

After the services were over the
Masons took charge. Dr. Grossman, W.
M., of Honolulu, had charge and Rev.
J. P. Lytton officiated as chaplain.
The burial was with Masonic honors.
A long procession followed the re-
mains to the grave in the Hilo cem-
tery.

When the steamer Hawaii reached
Hilo with the remains of the late
Joseph Nawahi, she was met outside
by four double canoes and four whale-
boats, which took the body ashore.
Several hundred natives were along
the shore to receive it. The funeral
took place at 2 o'clock Sunday after-
noon and an enormous concourse of
natives and foreigners gathered. In-
terment was in Hilo cemetery.

GAINSBOROUGH.

Easy Enough to Keep the Water Out
of Her—Probably No Hole.

When the pump ceased work Mon-
day night there was only about
eighteen inches of water in the bark
Gainsborough. It was distributed
about equally throughout the hold.
In the morning the nose of the ves-
sel was in the mud. As the pumping
continued she rose out of water and
was, in a few hours, clear. During the
day she gained about three feet of
water and over eleven feet were
pumped out. She was pumped prac-
tically dry this morning and moved
over to the Fort street wharf where
her coal will be discharged.

The consensus of opinion is that the
leak is caused by the bending and
springing of a plate. It is not thought
there is a hole. If this proves true the
problem of repairs will be greatly
simplified. Of course, aside from this,
however, the vessel will require a
complete overhauling and new rig-
ging before she can be sent out again.
It is not likely that she will be put in
the lumber trade as it will be next to
impossible to cut the necessary ports in her.

Literary Quacks.

Literature has her quacks no less than
medicine, and they are divided into two
classes—those who have erudition with-
out genius and those who have volubility
without depth. We get secondhand
sense from the one and original non-
sense from the other.—Colton.

"The Armenian era" began Tues-
day, July 9, A. D. 552, when the coun-
cil of the Armenians formally separated
from the church of the Greeks, thus
definitely establishing a separate ec-
clesiastical organization.

Is Your

Blood pure? Do not pass by this question
with an evasive answer. It means much
to your health, your happiness, your use-

An Over- Coat

may not be a necessary garment for every-
day wear in this warm climate, but there
are many occasions when they come in
useful.

We are showing an elegant line in
our Merchant street window to-day.

If you contemplate a trip to the Coast it's absolutely
necessary to have one to protect you from the cold.

You can buy one from us that will fit you equally as good
and cost you the same (perhaps less) than you would have to
pay on the Coast.

JUST RECEIVED. SECRETARY DISC PLOWS.

So novel is this departure from the present style
of plowing, that we have approached it with
some caution. After giving exhaustive trials, ex-
periments and adjustments, we have arrived at
the point of placing it upon the market with our
unqualified endorsement and warranty. We
believe it the greatest improvement in plows yet
made since the day of the forked stick, and invite
the attention of the advanced planters.
